

Dear clients, dear friends!

You are cordially invited to our conference "**AFRICA TALKS**" on 17 December 2018 at 2pm. The event is organized by LANSKY, GANZGER + partner (LGP) with Andersen Tax & Legal Germany. Further information can be found in the program. RSVP by 13 December 2018 (events@lansky.at).

According to the World Bank, six of the ten fastest growing economies in the world are located in Africa. The continent with its young population is a neighbour of Europe and has enormous economic potential. The European Council also followed this view on 28 June this year and on 18 December 2018 the "High-Level Forum Africa-Europe" under the title "Taking cooperation to the digital age" will take place at the end of the Austrian EU Presidency. The Africa Talks "Sustainable success in Africa's markets" planned by us in cooperation with Andersen Tax & Legal Germany complement the conference organised by the Austrian EU Presidency. The focus is on opportunities and challenges for business activities in Africa or with business partners from Africa. Our event takes place on the day before the EU Forum - this ensures that interested parties can participate in both dates.

LANSKY, GANZGER + partner (LGP) and Andersen Tax & Legal Germany have invited top-class speakers to the conference "EU-Africa Talks". Among others: H.E. Nana **Akufo-Addo** - President of the Republic of Ghana (tbc); Alan John Kwadwo **Kyerematen** - Minister of Trade and Industry of the Republic of Ghana (tbc); Martin **Engelberg** - Member of the Austrian Parliament, Deputy Chairman of the Subcommittee on Development Cooperation in the Austrian Parliament; Herbert **Hlawati** - AGRANA Fruit Member of the Management Board, CEO of AGRANA Fruit Services; Hermann **Knott** - Partner, Andersen Tax & Legal Germany; Georg **Lennkh** - former Special Envoy of EU Presidencies for Chad; former Special Envoy for Africa of the Minister of Foreign Affairs of Austria; Christoph **Leitl** - President, Eurochambres; Fritz **Sacher** - Head of Africa Strategic Relations, Merck; Jean-Michel **Severino** - CEO, Investisseurs & Partenaires; former Vice-President of the World Bank; former CEO of the French Development Agency (l'Agence Française de Développement) - tbc

According to World Bank data, six of the 10 fastest-growing economies in the world are located in Africa. The continent with a young population is a neighbour of Europe and presents a vast potential for economically viable and sustainable investments and business ventures. These facts have been recognised in the conclusions of the European Council of June 28 and were the impetus for Austria to organise the High-Level Forum Africa-Europe on December 18 under the motto "Taking cooperation to the digital age". The Africa Talks hosted by LANSKY, GANZGER + partner (LGP) and Andersen Tax & Legal Germany will focus on the legal aspects of doing business in the continent's future markets. Our event will take place the day before the Africa Forum. This will ensure that interested officials and businesspeople are able to attend both the Africa Talks and the High Level Forum.
